Application	For use on typical mineral substrates: lime-cement plasters, gypsum plasters, plasterboards
IBB ID	11074

Product specification

Manufacturer	SEMPRE	Unit	bucket
EAN	5908249173439	Coverage	ca 11 m2/l

Primer latex interior paint, for first painting.

Intended for paints: LATEXMAT, SEMILATEX PREMIUM, DECORO and other latex and acrylic paints.

For use on typical mineral substrates: lime, lime-cement plasters, gypsum plasters, plasterboards, etc., as well as surfaces covered with other paint coatings. Designed for rooms where people are constantly present, such as service points or public premises.

It levels differences in the texture of the substrate, reduces its absorbency and increases the efficiency of decorative paints used for final painting
