

Washbasin tap Alpinia

Manufacturer	
Country of manufacture	Poland
Dimension	155x50x145mm
Weight	1.47 kg
Product Code	BGA_021M
EAN	5908212053485
SKU	001353
Advice IBB	
IBB ID	11196

Product specification

Manufacturer	DEANTE	Unit	pcs
EAN	5908212053485	Dimension	155x50x145mm
Country of manufacture	Poland	Warranty	2 years
Additional characteristics	cool-out	Acoustic group [dB]	I (x ≤ 20)
Frame height adjustment [mm]	200	Aerator size	m24
		Aerator type	coin-slot
Ceramic cartridge size	35 mm	Adjustment range from [mm]	700
Connection thread	m10	Finish	chrome
Flow class [l/min]	z - 4-9 l/min	Hose length [mm]	450
Installation thread	3/8"	Material	brass
Mixer type	single-lever. mixed	Installation method	standing
Plug included in the set	yes	Plug type	with overflow
Range of tap spout [mm]	110	Spout type	still
Connection diameter	50	Total height of the battery [mm]	145
Type	with overflow		

The tap is equipped with an aerator, thanks to which the water stream is perfectly aerated and soft. This solution improves the comfort of use, while limiting water consumption, which translates into lower utility bills. You are also contributing to taking care of our planet.

The flow class with means that within a minute the tap flows between 4 and 9 liters of water. The stream is also comfortable to use, delicate and soft. This solution is ideal wherever you pay attention to ecological and economic responsibility - which also means your home!

The Click-Clack plug is a convenient and very elegant way of closing the drain. Unlike manual plugs with a cable, it is not connected to the tap. To close or open the drain, just press the plug with your finger. Simple? Simple as Click-Clack! When choosing a tap with a click-clack plug, remember to pay attention to whether you have a sink with or without an overflow and whether the plug you chose is suitable.

"Coin Slot" Aerator can be unscrewed even with a coin. This is very useful when we want to clean it or replace it with a new one.

In the Alpinia series, the attention is drawn to the shapes with soft lines and the rounded body. The rounded shape makes the water flow freely from the perfectly smooth surface, and the products are easier to clean. Their simple, economical form will appeal to supporters of modern interiors, who appreciate functionality and refined details. Thanks to its small dimensions, Alpinia is an ideal solution for small rooms.
