

Bath mixer, wall-mounted Boro

Manufacturer	
Weight	1.63 kg
Product Code	BMO_010M
EAN	5908212083550
SKU	001436
IBB ID	11277

Product specification

Manufacturer	DEANTE	Unit	pcs
EAN	5908212083550	Series	boro
Additional characteristics	cool-out	Acoustic group [dB]	II (20 < x ≤ 30)
Frame height adjustment [mm]	200	Aerator size	m24
		Aerator type	coin-slot
Ceramic cartridge size	35 mm	Adjustment range from [mm]	700
Connection thread	m8	Flow class [l/min]	s - 15.1-19.8 l/min
Material	ZnAl	Mixer type	single-lever. mixed
Installation method	wall	Range of tap spout [mm]	124
Spout type	still	Connection diameter	50
Total height of the battery [mm]	129		

The bathtub faucet combines aesthetic appearance and functionality. Traditional shapes fit perfectly in both small bathrooms and large bathing salons. The durable body is made of the highest quality brass. It is easy to clean and prevents excessive limescale build-up. The bathtub faucet is also equipped with an aerator. The element breaks up the drops and aerates the stream. This makes the water softer. The product is mounted on the wall, which gives great arrangement possibilities and additional space.

The preparation is intended for faucets in any finish. Thanks to its special formula, it does not leave streaks, scratches or matting on the cleaned products. The preparation is perfect for the care of such demanding black fittings, maintaining its original appearance for many years.
