

Bath mixer Joko

Manufacturer	
Weight	1.54 kg
Product Code	BOJ_016L
EAN	5908212042717
SKU	001447
IBB ID	11288

Product specification

Manufacturer	DEANTE	Unit	pcs
EAN	5908212042717	Series	juko
Additional characteristics	cool-out	Acoustic group [dB]	II (20 < x ≤ 30)
Frame height adjustment [mm]	200	Aerator size	m24
		Aerator type	honeycomb
Ceramic cartridge size	40 mm	Adjustment range from [mm]	700
Connection thread	m8	Flow class [l/min]	a - 9.1-15 l/min
Installation thread	3/8"	Material	brass
Mixer type	single-lever. mixed	Installation method	standing
Range of tap spout [mm]	115	Connection diameter	50
Total height of the battery [mm]	152.5		

The bathtub faucet combines aesthetic appearance and functionality. Traditional shapes fit perfectly in both small bathrooms and large bathing salons. The solid body is made of the highest quality brass. It is easy to clean and prevents excessive limescale build-up. The bathtub faucet is also equipped with an aerator. The device breaks up the drops and aerates the stream. This makes the water softer. The product is mounted on the wall, which gives great arrangement possibilities and additional space.

The preparation is intended for faucets in any finish. Thanks to its special formula, it does not leave streaks, scratches or matting on the cleaned products. The preparation is perfect for the care of such demanding black fittings, maintaining its original appearance for many years.
