

Shower rail Joko

Manufacturer	
Weight	0.53 kg
Product Code	NBJ_051D
EAN	5908212094495
SKU	001500
IBB ID	11341

Product specification

Manufacturer	DEANTE	Unit	pcs
EAN	5908212094495	Series	joko
Additional characteristics	cool-out	Frame height adjustment [mm]	200
Aerator size	M28	Adjustable spacing	Yes
Aerator type	coin-slot	Ceramic cartridge size	35 mm
Adjustment range from [mm]	700	Connection thread	m8
Flow class [l/min]	z - 4-9 l/min	Material	stainless steel
Connection diameter	50	Shape	round
Total length [mm]	650		

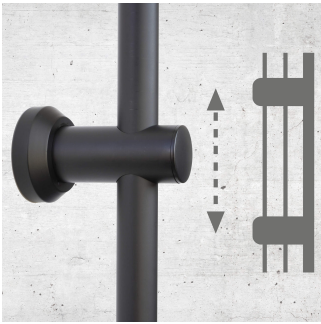

Shower rail

Adjustable spacing of the fasteners, for easy bar installation on existing holes

Dedicated cleaning agent, safe for cleaned surfaces

Adjustable spacing of the fasteners, for easy bar installation on existing holes

The system of adjustable bar mounts definitely simplifies installation. This is an excellent solution also when replacing an older model with a new one. Regardless of the previous span, you can use existing holes. This eliminates the need to mask unused holes and drill new ones. The effect of the bar replacement is quick, hassle-free and stress-free.

Dedicated cleaning agent, safe for cleaned surfaces

The use of dedicated agents means that the surfaces do not deteriorate and remain smooth for for a long time, facilitating another cleaning. A specially selected composition removes the most common dirt very effectively. On the other hand, the preparations are mild for a given type of surface (metal, granite, ceramics and others), without entering into chemical reactions with them. The preparations are biodegradable and thus harmless for the environment. With Deante cleaning products, keeping things in order will be very easy!
