Product specification

Washbasin tap, wall-mounted

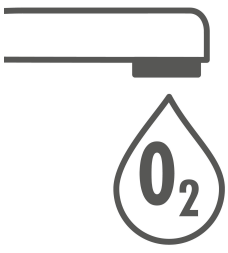
The mixer is equipped with a stream aerator

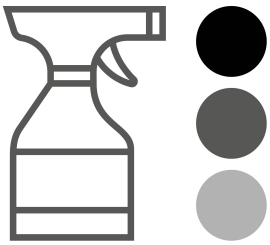
Cleaning agent for fixtures in all colors available

High-quality material: brass and stainless steel

The mixer is equipped with a stream aerator

The tap is equipped with an aerator, thanks to which the water stream is perfectly aerated and soft. This solution improves the comfort of use, while limiting water consumption, which translates into lower utility bills. You are also contributing to taking care of our planet.





Cleaning agent for fixtures in all colors available

In our offer you can also find a cleaning agent intended for taps in all finishes. Thanks to its special formula, it does not leave streaks, scratches or matting on the cleaned products. The preparation is perfect for the care of demanding black fittings, preserving its original appearance for many years. Sold separately
