The suction cup assembly is very convenient, quick and allows for trouble-free metamorphosis of the decor. You don't have to drill holes in the walls, and you can change the location of accessories at any time, without need masking previous installation holes. You can mount the suction cups on the tiles, doors or the glass surface of the shower cabin. Just a moment. And done! The Rich selection of models means that everyone will choose the perfect one for their bathroom.

The use of dedicated agents means that the surfaces do not deteriorate and remain smooth for for a long time, facilitating daily cleaning. A specially selected composition removes the most common dirt extremely effectively. On the other hand, the preparations are mild for a given type of surface (metal, granite, ceramics and others), without entering into chemical reactions with them. The preparations are biodegradable and thus harmless for the environment. With Deante cleaning products, keeping things in order will be extremely easy!
