

Shelf, corner double Mokko

Manufacturer	
Weight	1.43 kg
Product Code	ADM_N541
EAN	5908212091258
SKU	001619
IBB ID	11460

Product specification

Manufacturer	DEANTE	Unit	pcs
EAN	5908212091258	Additional characteristics	cool-out
Frame height adjustment [mm]	200	Aerator size	M28
		Aerator type	coin-slot
Ceramic cartridge size	35 mm	Adjustment range from [mm]	700
Connection thread	m8	Flow class [l/min]	z - 4-9 l/min
Material	steel	Depth [mm]	208
Height [mm]	335	Connection diameter	50
Surface type	matt		

At Deante, we are aware of the threats facing the natural environment and the dwindling resources of the planet. That is why we produce bathroom accessories in accordance with the idea of Less Waste. This means that we use available materials as much as possible. As a result, waste is reduced to the absolute minimum.

Screws for mounting accessories are in the color of the finish, which ensures the aesthetics and elegance of the product. Thanks to this, Mokko accessories are not only a practical addition, but also a real decoration of the room.

Accessories are made of high-class 2 mm stainless steel. Despite the low thickness, steel is characterized by high resistance and strength.

The use of dedicated agents means that the surfaces do not deteriorate and remain smooth for for a long time, facilitating daily cleaning. A specially selected composition removes the most common dirt very effectively. On the other hand, the preparations are mild for a given type of surface (metal, granite, ceramics and others), without entering into chemical reactions with them. The preparations are biodegradable and thus harmless for the environment. With Deante cleaning products, keeping things in order will be extremely easy!
