Dedicated cleaning agent, safe for cleaned surfaces

## High quality of materials

Accessories are made of high quality stainless steel, making them solid and durable. These are moisture and corrosion-resistant materials.

## Hidden fixings

Thanks to the perfectly hidden mounting elements, the accessories gained a subtle character. A complete installation kit is included.

## Dedicated cleaning agent, safe for cleaned surfaces

The use of dedicated agents means that the surfaces do not deteriorate and remain smooth for long, facilitating daily cleaning. A specially selected composition removes the most common dirt extremely effectively. On the other hand, the preparations are mild for a given type of surface (metal, granite, ceramics and others), without entering into chemical reactions with them. The preparations are biodegradable and thus safe for the environment. With Deante cleaning products, keeping things in order will be extremely easy!
