Accessories are made of high quality brass and stainless steel, making them solid and durable. These are moisture and corrosion-resistant materials.

Thanks to the perfectly hidden mounting elements, the accessories gained a subtle character. A complete installation kit is included.

Perfectly smooth surfaces are very easy to keep clean. Just wipe them with a soft, damp cloth. By using the appropriate preparations from the Deante offer, you can be sure that the accessories will decorate the bathroom for many years.

The use of dedicated agents means that the surfaces do not deteriorate and remain smooth for long, facilitating daily cleaning. A specially selected composition removes the most common dirt extremely effectively. On the other hand, the preparations are mild for a given type of surface (metal, granite, ceramics and others), without entering into chemical reactions with them. The preparations are biodegradable and thus safe for the environment. With Deante cleaning products, keeping things in order will be extremely easy!

The black, matte surface of Deante Nero fittings is the result of the use of innovative technology. Its special properties mean that there are no fingerprints on the tap. The surface structure is durable and easy to clean. To remove any dirt, just wipe the tap with a soft cloth. What's more, arranging the interior using a deep black fittings makes the colors surrounding it brighter, fuller and more expressive.
