

Kitchen tap, with pull-out spout Pepe

Manufacturer	
Weight	1.95 kg
Product Code	BDP_771M
EAN	5907650801412
SKU	001717
IBB ID	11705

Product specification

Manufacturer	DEANTE	Unit	pcs
EAN	5907650801412	Additional characteristics	cool-out
Acoustic group [dB]	I (x ≤ 20)	Frame height adjustment [mm]	200
Aerator size	M28	Aerator type	coin-slot
Ceramic cartridge size	40 mm	Adjustment range from [mm]	700
Connection thread	1/2'	Flow class [l/min]	a - 9.1-15 l/min
Installation thread	3/8'	Material	brass
Mixer type	mixer. single-lever	Installation method	standing
Range of tap spout [mm]	198	Spout type	pulled out. rotary
Connection diameter	50	Total height of the battery [mm]	173

The tap with a pull-out spout is an extremely practical and convenient solution in every kitchen. Thanks to it, you can easily keep the sink clean, fill high dishes with water, rinse fruit and vegetables and perform a number of small kitchen tasks within the sink. You will forget about the problems with washing large oven sheets or shelves from the fridge, and thus common accidental flooding of the countertop next to it. Now you have full control over the water in the kitchen!

Backflow valves guarantee the correct operation of the fittings, and in thermostatic taps they also prevent water mixing in the pipes.

The tap is equipped with an aerator, thanks to which the water stream is perfectly aerated and soft. This solution improves the comfort of use, while limiting water consumption, which translates into lower utility bills. You are also contributing to taking care of our planet.
