

Washbasin tap - ECO-aerator 4.5 l/min Alpinia

Manufacturer	
Weight	1.47 kg
Product Code	BGAE021M
EAN	5908212086339
SKU	001765
IBB ID	12055

Product specification

Manufacturer	DEANTE	Unit	pcs
EAN	5908212086339	Additional characteristics	cool-out
Acoustic group [dB]	I (x ≤ 20)	Frame height adjustment [mm]	200
Aerator size	m24	Aerator type	restricting flow
Ceramic cartridge size	35 mm	Adjustment range from [mm]	700
Connection thread	m10	Flow class [l/min]	z - 4-9 l/min
Installation thread	3/8"	Material	brass
Mixer type	single-lever. mixed	Installation method	standing
Plug included in the set	yes	Range of tap spout [mm]	110
Spout type	still	Connection diameter	50
Total height of the battery [mm]	145	Type	with overflow

In the Alpinia series, the attention is drawn to the shapes with soft lines and the rounded body. The rounded shape makes the water flow freely from the perfectly smooth surface, and the products are easier to clean. Their simple, economical form will appeal to supporters of modern interiors, who appreciate functionality and refined details. Thanks to its small dimensions, Alpinia is an ideal solution for small rooms.

The flow class with means that within a minute the tap flows between 4 and 9 liters of water. The stream is also comfortable to use, delicate and soft. This solution is ideal wherever you pay attention to ecological and economic responsibility - which also means your home!

The Click-Clack plug is a convenient and very elegant way of closing the drain. Unlike manual plugs with a cable, it is not connected to the tap. To close or open the drain, just press the plug with your finger. Simple? Simple as Click-Clack! When choosing a tap with a click-clack plug, remember to pay attention to whether you have a sink with or without an overflow and whether the plug you chose is suitable.

The tap is equipped with an aerator, thanks to which the water stream is perfectly aerated and soft. This solution improves the comfort of use, while reducing water consumption up to 4,5l /min. You are also aware that you contribute to taking care of the planet.

The tap is equipped with an aerator, thanks to which the water stream is perfectly aerated and soft. This solution improves the comfort of use,

while limiting water consumption, which translates into lower utility bills. You are also contributing to taking care of our planet.
