## Washbasin tap

The mixer body is made of the highest quality brass

The mixer is equipped with a stream aerator

45 cm connection hoses included

Functional click-clack plug included

Dedicated cleaning agent, safe for cleaned surfaces

## The mixer is equipped with a stream aerator

The tap is equipped with an aerator, thanks to which the water stream is perfectly aerated and soft. This solution improves the comfort of use, while limiting water consumption, which translates into lower utility bills. You are also contributing to taking care of our planet.

## Functional click-clack plug included

The Click-Clack plug is a convenient and very elegant way of closing the drain. Unlike manual plugs with a cable, it is not connected to the tap. To close or open the drain, just press the plug with your finger. Simple? Simple as Click-Clack! When choosing a tap with a click-clack plug, remember to pay attention to whether you have a sink with or without an overflow and whether the plug you chose is suitable.

## Dedicated cleaning agent, safe for cleaned surfaces

The use of dedicated agents means that the surfaces do not deteriorate and remain smooth for for a long time, facilitating daily cleaning. A specially selected composition removes the most common dirt very effectively. On the other hand, the preparations are delicate for a given type of surface (metal, granite, ceramics and others), without entering into chemical reactions with them. The preparations are biodegradable and thus harmless for the environment. With Deante cleaning products, keeping things in order will be extremely easy!
