

Toilet set, concealed, 6 in 1 Vital

Manufacturer	
Weight	32.05 kg
Product Code	CDVS6WPW
EAN	5908212068342
SKU	001942
IBB ID	11779

Product specification

Manufacturer	DEANTE	Unit	pcs
EAN	5908212068342	Additional characteristics	cool-out
Frame height adjustment [mm]	200	Aerator size	M28
		Aerator type	coin-slot
Ceramic cartridge size	35 mm	Adjustment range from [mm]	700
Connection thread	m8	Finish	chrome
Flow class [l/min]	z - 4-9 l/min	Antibacterial	YES
Material	ZnAl	Button type	duple
Connection diameter	50	Double splash	3.6
Surface type	glossy	Quick removal of the board	Yes
Type	hanging	Quiet flushing and filling	Yes
Slow-closing toilet desk	Yes	Tank capacity [l]	9

Ceramic products are characterized by special hardness and endurance. They have high color durability and do not absorb smells. The surface of ceramic products does not discolor and looks as new even after long use.

The antibacterial coating prevents the development of microorganisms and promotes hygiene. Thanks to this, we can avoid many infections. The antibacterial coating is also an ally in everyday cleaning.

The use of dedicated agents means that the surfaces do not deteriorate and remain smooth for long, facilitating another cleaning. A specially selected composition removes the most common dirt extremely effectively. On the other hand, the preparations are delicate for a given type of surface (metal, granite, ceramics and others), without entering into chemical reactions with them. The preparations are biodegradable and thus safe for the environment. With Deante cleaning products, keeping things in order will be very easy!

Easier and faster installation is ensured by the innovative tank with the new one-piece angle valve from Schell. Thanks to the openings in the frames, the mounting system can be easily attached to plasterboard structures, living quarters and wooden buildings. The filling valve is quiet,

fast and extremely resistant to impurities in the water. New hinges for tanks with two-component insulation effectively protect against noise. The flush-mounted frame has an Easy Lock mounting kit for quicker and easier installation.

The biggest advantage of Deante toilet seats is the quiet and soft closing mechanism. Thanks to this, you prevent damage to sanitary ceramics, but also the seat itself.
