

Shower door, recessed - hinged Zoom

Manufacturer	
Weight	27.00 kg
Product Code	KDZ_011D
EAN	5908212026090
SKU	001970
IBB ID	11909

Product specification

Manufacturer	DEANTE	Unit	pcs
EAN	5908212026090	Additional characteristics	cool-out
Frame height adjustment [mm]	200	Aerator size	M28
		Aerator type	coin-slot
Ceramic cartridge size	35 mm	Adjustment range from [mm]	-120
Connection thread	m8	Adjustment range up to [mm]	30
Flow class [l/min]	z - 4-9 l/min	Material	ZnAl
Height [mm]	1850	Connection diameter	50
Glass finish	transparent	Reversible door	Ye
Silent closing	Yes	Possibility of installation without a shower tray	Yes

Shower door, recessed - hinged

Only the best materials, the quality of which has been confirmed by laboratory tests

Safe and durable tempered glass

Dedicated to Active Cover surfaces

Covering of assembly elements

Dedicated cleaning agent, safe for cleaned surfaces

Reversible door that allows the cabin to be mounted on the right or left side

Hydrophobic Active-Cover coating that makes it easier for water to run off the glass

Possibility to install the cabin without a shower tray, directly on the tiles

Profiles leveling the curvature of the walls

Resistance to impacts, chemicals and stains in accordance with PN-EN 14428+A1:2008 norm, confirmed by tests of the Institute of Ceramics and Building Materials

Safe and durable tempered glass

Tempered glass has a harder surface and is more resistant to scratches, impacts and sudden temperature changes - in accordance with the European standard PN-EN. In addition, it is safe glass, {which is certified}by the Certificate from the Institute of Glass and Ceramics.

Covering of assembly elements

The covers hide the unsightly assembly elements, adding elegance to the cabins.

Dedicated cleaning agent, safe for cleaned surfaces

The use of dedicated agents means that the surfaces do not deteriorate and remain smooth for long, facilitating another cleaning. A specially selected composition removes the most common dirt very effectively. On the other hand, the preparations are mild for a given type of surface (metal, granite, ceramics and others), without entering into chemical reactions with them. The preparations are biodegradable and thus safe for the environment. With Deante cleaning products, keeping things in order will be very easy!

Hydrophobic Active-Cover coating that makes it easier for water to run off the glass

The glass in the cabins has been covered with the innovative Active Cover hydrophobic coating, which repels water molecules from the glass surface and thus significantly reduces the formation of scale. The coating is applied during the production of glass, which guarantees its long durability and reliability.

Profiles leveling the curvature of the walls

The profile system makes it possible to level the curvature of the walls and helps to adjust the cabin to the place of installation.
