

## Shower door, recessed, 140 cm - sliding Hiacynt

Manufacturer	
Weight	40.95 kg
Product Code	KQH_014P
EAN	5908212070468
SKU	001985
IBB ID	12041

### Product specification

Manufacturer	DEANTE	Unit	pcs
EAN	5908212070468	Active cover layer	YES
Additional characteristics	cool-out	Frame height adjustment [mm]	200
Aerator size	M28	Aerator type	coin-slot
Ceramic cartridge size	35 mm	Adjustment range from [mm]	-20
Connection thread	m8	Flow class [l/min]	z - 4-9 l/min
Material	ZnAl	Installation method	possibility of installation with two fixed walls. possibility of installation with one fixed wall
Height [mm]	2000	Connection diameter	50
Double bearing upper rollers	YES	Glass finish	transparent
Reversible door	Ye	Silent closing	Yes
Possibility of installation without a shower tray	Yes		

## Shower doors, recessed, 140 cm - sliding

Only the best materials, the quality of which has been confirmed by laboratory tests

Safe and durable tempered glass

Possibility to install the cabin without a shower tray, directly on the tiles

Hydrophobic Active-Cover coating that makes it easier for water to run off the glass

Dedicated to Active Cover surfaces

The profile system makes it possible to reduce the curvature of the walls

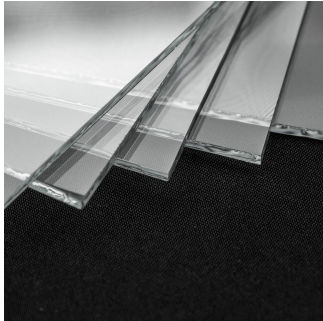

Covering of assembly elements

Double top rollers with ball bearings

Dedicated cleaning agent, safe for cleaned surfaces

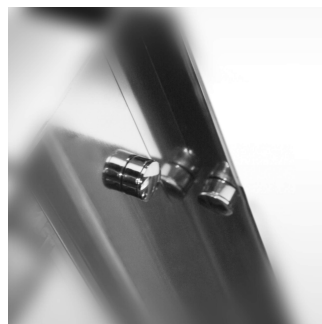

## Safe and durable tempered glass

Tempered glass has a harder surface and is more resistant to scratches, impacts and sudden temperature changes - in accordance with the European standard PN-EN. In addition, it is safe glass, {which is certified}by the Certificate from the Institute of Glass and Ceramics.

## Hydrophobic Active-Cover coating that makes it easier for water to run off the glass

The glass in the cabins has been covered with the innovative Active Cover hydrophobic coating, which repels water molecules from the glass surface and thus definitely reduces the formation of scale. The coating is applied during the production of glass, which guarantees its long durability and reliability.

## Covering of assembly elements

The covers hide the unsightly assembly parts, adding elegance to the cabins.

## Dedicated cleaning agent, safe for cleaned surfaces

The use of dedicated agents means that the surfaces do not deteriorate and remain smooth for for a long time, facilitating another cleaning. A specially selected composition removes the most common dirt very effectively. On the other hand, the preparations are delicate for a given type of surface (metal, granite, ceramics and others), without entering into chemical reactions with them. The preparations are biodegradable and thus harmless for the environment. With Deante cleaning products, keeping things in order will be very easy!
