|--------------|---------------|
| Manufacturer |               |
| Weight       | 0.30 kg       |
| Product Code | NHC_011A      |
| EAN          | 5907650823452 |
| SKU          | 002190        |
| IBB ID       | 12094         |

### Product specification

|                              |               |                            |                  |
|------------------------------|---------------|----------------------------|------------------|
| Manufacturer                 | DEANTE        | Unit                       | pcs              |
| EAN                          | 5907650823452 | Additional characteristics | cool-out         |
| Frame height adjustment [mm] | 200           | Aerator size               | M28              |
|                              |               | Aerator type               | coin-slot        |
| Ceramic cartridge size       | 35 mm         | Adjustment range from [mm] | 700              |
| Connection thread            | m8            | Flow class [l/min]         | z - 4-9 l/min    |
| Material                     | ZnAl          | Connection diameter        | 50               |
| Product designation          | washbasin     | Shape                      | square           |
| Drain diameter               | 1 1/4"        | Type                       | without overflow |

## Plug for sink - without overflow

Only the best materials, the quality of which has been confirmed by laboratory tests

Hygienic certificate of the National Institute of Hygiene confirming the product's compliance with safety standards

Dedicated cleaning agent, safe for cleaned surfaces

## Hygienic certificate of the National Institute of Hygiene confirming the product's compliance with safety standards

The attestation given by the National Research Institute - the National Institute of Public Health of PZH ensures that the products covered by it meet the highest hygiene requirements. They are safe for both health and the environment.

## Dedicated cleaning agent, safe for cleaned surfaces

The use of dedicated agents means that the surfaces do not deteriorate and remain smooth for long, facilitating another cleaning. A specially selected composition removes the most common dirt extremely effectively. On the other hand, the preparations are delicate for a given type of surface (metal, granite, ceramics and others), without entering into chemical reactions with them. The preparations are biodegradable and thus safe for the environment. With Deante cleaning products, keeping things in order will be very easy!
