

Wall-mounted grab bar, decorative Vital

Manufacturer	
Weight	1.14 kg
Product Code	NIV_0411
EAN	5908212071656
SKU	002219
IBB ID	12346

Product specification

Manufacturer	DEANTE	Unit	pcs
EAN	5908212071656	Additional characteristics	cool-out
Frame height adjustment [mm]	200	Aerator size	M28
		Aerator type	coin-slot
Ceramic cartridge size	35 mm	Adjustment range from [mm]	700
Connection thread	m8	Flow class [l/min]	z - 4-9 l/min
Material	304 steel	Depth [mm]	69
Height [mm]	111	Connection diameter	50
Surface type	polished		

The dual use of accessories is especially essential in small bathrooms, where each additional equipment takes up valuable space. That is why we combined shelves and hangers with strong wall rails. Their essential role is to help the elderly or people with limited mobility to use the bathroom on their own. However, they will be appreciated by anyone who has slipped on a wet floor at least once. A well-thought-out design integrates the handrails visually with other elements, making them invisible to other persons, e.g. guests.

The product reduces the risk of falls and slips.

The maximum weight load of the product is 150 kg.

The uniform and smooth surface facilitates cleaning and maintaining hygiene.

The use of dedicated agents means that the surfaces do not deteriorate and remain smooth for for a long time, facilitating daily cleaning. A specially selected composition removes the most common dirt very effectively. On the other hand, the preparations are mild for a given type of surface (metal, granite, ceramics and others), without entering into chemical reactions with them. The preparations are biodegradable and thus harmless for the environment. With Deante cleaning products, keeping things in order will be extremely easy!
