

# Hand shower, 1-function Round

Manufacturer	
Weight	0.20 kg
Product Code	NOR_D51S
EAN	5908212095539
SKU	002241
IBB ID	12471

## Product specification

Manufacturer	DEANTE	Unit	pcs
EAN	5908212095539	Additional characteristics	cool-out
Frame height adjustment [mm]	200	Aerator size	M28
		Aerator type	coin-slot
Ceramic cartridge size	35 mm	Adjustment range from [mm]	700
Connection thread	tak	Flow class [l/min]	z - 7.2-11.9 l/min
Material	brass	Connection diameter	50
Shape	round		

The innovative design of the handset means that despite the flow of very hot water, the handset handle does not heat up. The internal element insulates heat, protecting against possible burns and increasing the convenience of use. Thanks to this, the product is completely safe.

The graphite-steel surface of Deante Titanium fittings is the result of the use of innovative technology. It is a spectacular compromise between gray, dark graphite, black and even a delicate shade of brown - the perfect decoration of any interior arrangement. The surface structure is durable, easy to clean and is not susceptible to fingerprints.

The use of dedicated agents means that the surfaces do not deteriorate and remain smooth for for a long time, facilitating daily cleaning. A specially selected composition removes the most common dirt extremely effectively. On the other hand, the preparations are mild for a given type of surface (metal, granite, ceramics and others), without entering into chemical reactions with them. The preparations are biodegradable and thus harmless for the environment. With Deante cleaning products, keeping things in order will be extremely easy!
