

Steel sink, 1-bowl Olfato

Manufacturer	
Weight	5.55 kg
Product Code	ZPO_010A
EAN	5907650873785
SKU	002340
IBB ID	13156

Product specification

Manufacturer	DEANTE	Unit	pcs
EAN	5907650873785	Additional characteristics	drain cover included
Frame height adjustment [mm]	200	Aerator size	M28
		Aerator type	coin-slot
Ceramic cartridge size	35 mm	Adjustment range from [mm]	700
Connection thread	m8	Finish	steel
Flow class [l/min]	z - 4-9 l/min	Material	304 steel
Depth [mm]	200	Installation method	recessed flush with the countertop, undercounter
Plug type	manual	Height [mm]	200
Connection diameter	50	Cutout in the countertop (recessed) - length [mm]	430
Cutout in the countertop (suspended) - length [mm]	400	Cut out width recessed	485
		Cut out width suspended	400
Surface type	brushed	Drain diameter	3.5"
Number of sink compartments	1	Steel thickness [mm]	1

The sink made of steel is resistant to temperatures up to 250 degrees Celsius, thermal shock and impacts to thermal shock and high temperatures up to 250 degrees Celsius and impact. Stainless steel used for the production of sinks contains 18% chrome, which responsible high chemical resistance and 10% nickel, which additionally flexibility. Such a combination results in a pretty, elegant and constant color. Stainless steel is easy to clean, repels germs from the surface. The antiseptic coating guarantees a high level of hygiene and is easy to clean.

Modern sinks are part of the fashion of using the kitchen space to the maximum. With the same dimensions, they allow you to fit more in their interior. Cooking enthusiasts are certainly pleased by the fact that their very deep and roomy bowls will without effort allow to wash not only large pots, but even sheets removed from the oven or shelves from the fridge! More space makes it easier to rotate the dishes and is useful for less standard applications.

The sink was equipped with ingenious "Space Saver" siphon. If you've been|annoyed|annoyed by} pipes and elbows taking up most of the space in your cabinet, this is the solution for your kitchen. Telescopic and special design allows you to adjust shape of the siphon to your needs. Thanks to this, it is easy to find much more space in the cabinet for example for homemade preserves or garbage. You can also connect a dishwasher or washing machine to the siphon. And most importantly - you get the siphon in set!

The use of dedicated agents means that the surfaces do not deteriorate and remain smooth for long, facilitating daily cleaning. A specially selected composition removes the most common dirt extremely effectively. On the other hand, the preparations are mild for a given type of surface (metal, granite, ceramics and others), without entering into chemical reactions with them. The preparations are biodegradable and thus harmless for the environment. With Deante cleaning products, keeping things in order will be very easy!
