

Granite sink with tap, 1-bowl with drainer Zorba

| | |
|--------------|---------------|
| Manufacturer | |
| Weight | 13.79 kg |
| Product Code | ZQZA711A |
| EAN | 5908212058749 |
| SKU | 002510 |
| IBB ID | 12557 |

Product specification

| | | | |
|------------------------------|---------------|---|-----------|
| Manufacturer | DEANTE | Unit | pcs |
| EAN | 5908212058749 | Additional characteristics | cool-out |
| Frame height adjustment [mm] | 200 | Aerator size | M28 |
| | | Aerator type | coin-slot |
| Ceramic cartridge size | 35 mm | Adjustment range from [mm] | 700 |
| Connection thread | m8 | Finish | steel |
| Flow class [l/min] | z - 4-9 l/min | Material | granite |
| Depth [mm] | 150 | Installation method | recessed |
| Plug type | automatic | Height [mm] | 164 |
| Connection diameter | 50 | Cutout in the countertop (recessed) - length [mm] | 560 |
| Cut out width recessed | 420 | Dishwasher possibility | YES |
| Surface type | matt | Drain diameter | 3.5' |
| Number of sink compartments | 1 | | |

Granite composite is a combination of quartz sand and resins in ideal proportions. This is the reason why our sinks are resistant not only to impact, but also to high temperature (250°C), discoloration and thermal shock - in accordance with the European standard PN-EN 13310. They do not absorb odors and have hydrophobic properties that repel water molecules. Granite is chic and always fashionable, and thanks to the wide range of colors fits every kitchen - futuristic and traditional. Deante granite sinks are produced in Poland, in one of the most modern factories in Europe. Progressive production technology guarantees preservation of the highest standards of workmanship and audit quality, which results in not only beautiful appearance of the product, but also its special properties.

The automatic drain plug system allows you to adjust the water outflow with a knob. There is only one discreet controller on top of the sink. An important advantage of this technology is the fact that one move is enough to immediately unlock the water outflow, without the need to soak

your hands.

Hydrophobicity is one of the natural properties of granite, very expected in the kitchen. The surface of the sink repels particles of water, what the drops freely flow taking dirt particles with them. All of this makes sink cleaning much simpler and no requires scrubbing or use of specialized chemicals.

The use of dedicated agents means that the surfaces do not deteriorate and remain smooth for for a long time, facilitating another cleaning. A specially selected composition removes the most common dirt extremely effectively. On the other hand, the preparations are delicate for a given type of surface (metal, granite, ceramics and others), without entering into chemical reactions with them. The preparations are biodegradable and thus harmless for the environment. With Deante cleaning products, keeping things in order will be very easy!

The tap is equipped with an aerator, thanks to which the water stream is perfectly aerated and soft. This solution improves the comfort of use, while limiting water consumption, which translates into lower utility bills. You are also contributing to taking care of our planet.

The sink is equipped with modern "Space Saver" siphon. If you've been|annoyed|annoyed by} pipes and elbows taking up all the space in your cabinet, this is the solution for you. Telescopic and special design allows you to adjust shape of the siphon to your needs. Thanks to this, it is simple to find much more spacein the cabinet for example for homemade preserves or bins for waste segregation. It is also possible to connect a washing machine or dishwasher to the siphon. And most importantly - you get the siphon in kit!

Factory prepared holes in the sink have several advantages. First of all they allow any choice of the side on which we will have the drainer, therefore the sink is "reversible". Assembly is problem-free and relieves you of the necessity troublesome drilling holes by yourself. washer or pop-up plug| pop-up plug or dishwashing liquid dispenser}.
