

# Granite sink waste kit 1.5 and 2-bowl Space-Saver Lux

Manufacturer	
Weight	0.87 kg
Product Code	ZXY_9912
EAN	5907650841609
SKU	002545
IBB ID	12888

## Product specification

Manufacturer	DEANTE	Unit	pcs
EAN	5907650841609	Additional characteristics	cool-out
Frame height adjustment [mm]	200	Aerator size	M28
		Aerator type	coin-slot
Ceramic cartridge size	35 mm	Adjustment range from [mm]	700
Connection thread	m8	Flow class [l/min]	z - 4-9 l/min
Material	ZnAl	Sink material	granite. steel
Plug type	automatic	Connection diameter	50
Dishwasher possibility	YES	Drain diameter	3.5"
Number of sink compartments	2. 1.5		

The attestation given by the National Research Institute - the National Institute of Public Health of PZH ensures that the products covered by it meet the highest hygiene requirements. They are safe for both health and the environment.

The use of dedicated agents means that the surfaces do not deteriorate and remain smooth for long, facilitating another cleaning. A specially selected composition removes the most common dirt extremely effectively. On the other hand, the preparations are delicate for a given type of surface (metal, granite, ceramics and others), without entering into chemical reactions with them. The preparations are biodegradable and thus harmless for the environment. With Deante cleaning products, keeping things in order will be very easy!

The automatic drain plug system allows you to adjust the water outflow with a knob. There is only one discreet controller on top of the sink. An important advantage of this technology is the fact that one move is enough to immediately unlock the water outflow, without the need to soak your hands.

The sink was equipped with ingenious "Space Saver" siphon. If you've been annoyed by pipes and elbows taking up all the space in your cabinet, this is the solution for your kitchen. Telescopic and special design allows you to adjust position of the siphon to your needs. Thanks to this, it is easy to find much more space that can be used for homemade preserves or garbage. You can also connect a dishwasher or washing

machine to the siphon. And most importantly - you get the siphon in set!
