

Agent, for bathroom cleaning - 500 ml

Manufacturer	
Weight	0.56 kg
Product Code	ZZZ_000A
EAN	5908212057193
SKU	002566
IBB ID	12995

Product specification

Manufacturer	DEANTE	Unit	pcs
EAN	5908212057193	Additional information	nie wymaga polerowania. zapobiega powstawaniu pleśni
Additional characteristics	cool-out	Frame height adjustment [mm]	200
Aerator size	M28	Aerator type	coin-slot
Ceramic cartridge size	35 mm	Adjustment range from [mm]	700
Connection thread	m8	Flow class [l/min]	z - 4-9 l/min
Material	ZnAl	Connection diameter	50
Capacity [l]	0.5		

The use of dedicated agents means that the surfaces do not deteriorate and remain smooth for for a long time, facilitating daily cleaning. A specially selected composition removes the most common dirt extremely effectively. On the other hand, the preparations are mild for a given type of surface (metal, granite, ceramics and others), without entering into chemical reactions with them. The preparations are biodegradable and thus harmless for the environment. With Deante cleaning products, keeping things in order will be extremely easy!

Deante cleaning agents are safe for coatings in all finishes. They clean, but at the same time help protect the washed surfaces so that they always look like new. On darker models, such as nero, titanium or metallic, they do not leave white deposits, enhancing elegant, deep colors. If you have fittings finished in chrome, brass or gold, you will surely appreciate beautifully shiny elements that will be perfectly clean. On the other hand, bianco products will maintain a snow-white shade.
