

Aerator, for washbasin taps

Manufacturer	
Weight	0.01 kg
Product Code	XDCA7PLD0
EAN	5908212078617
SKU	002765
IBB ID	12629

Product specification

Manufacturer	DEANTE	Unit	pcs
EAN	5908212078617	Additional characteristics	cool-out
Frame height adjustment [mm]	200	Aerator size	m22
		Aerator type	coin-slot
Ceramic cartridge size	35 mm	Adjustment range from [mm]	700
Connection thread	m8	Flow class [l/min]	z - 4-9 l/min
Material	ZnAl	Connection diameter	50
Thread type	external		

Aerator, for washbasin taps

Silicone aerator for easy limescale removal

Perfectly aerated water stream

Only the best materials, the quality of which has been confirmed by laboratory tests

Dedicated cleaning agent, safe for cleaned surfaces

Silicone aerator for easy limescale removal

The silicone aerator adds air to the water stream, and at the same time gives the ability to easily remove lime sediment - just wipe its silicone edges with your finger.

Perfectly aerated water stream

Thanks to the aerator, the water stream is soft and well aerated. This solution improves the comfort of using the tap, while reducing water consumption.

Dedicated cleaning agent, safe for cleaned surfaces

The use of dedicated agents means that the surfaces do not deteriorate and remain smooth for for a long time, facilitating another cleaning. A specially selected composition removes the most common dirt very effectively. On the other hand, the preparations are mild for a given type of surface (metal, granite, ceramics and others), without entering into chemical reactions with them. The preparations are biodegradable and thus harmless for the environment. With Deante cleaning products, keeping things in order will be very easy!
