

## Bathtub spout, foldable - round Cascada

Manufacturer	
Weight	0.56 kg
Product Code	NAC_087K
EAN	5907650815310
SKU	003052
IBB ID	12914

### Product specification

Manufacturer	DEANTE	Unit	pcs
EAN	5907650815310	Additional characteristics	cool-out
Frame height adjustment [mm]	200	Aerator size	m20
		Aerator type	coin-slot
Aerator	Yes	Ceramic cartridge size	35 mm
Adjustment range from [mm]	700	Connection thread	m8
Finish	chrome	Flow class [l/min]	z - 4-9 l/min
Material	brass	Spout type	foldable
Connection diameter	50	Spout length [mm]	244
Thread type	external	Flush mounting	YES

## Bathtub spout, foldable - round

Only the best materials, the quality of which has been confirmed by laboratory tests

Flush-mounted installation ensures the aesthetics of the bathroom

Dedicated cleaning agent, safe for cleaned surfaces

Foldable spout increase comfort and safety of use

The set includes an additional washbasin aerator

## Flush-mounted installation ensures the aesthetics of the bathroom

The main advantages of concealed mounting are aesthetic appearance, ease of keeping the bathroom clean and hiding installation components, which are also not exposed to mechanical damage. Solutions of this type will also work in small bathrooms, where every centimeter counts. When installing a concealed system, only decorative wall-mounted elements remain visible, and the bathroom is functional, effective and fits in a fashionable minimalist style.

## Dedicated cleaning agent, safe for cleaned surfaces

The use of dedicated agents means that the surfaces do not deteriorate and remain smooth for long, facilitating daily cleaning. A specially selected composition removes the most common dirt extremely effectively. On the other hand, the preparations are mild for a given type of surface (metal, granite, ceramics and others), without entering into chemical reactions with them. The preparations are biodegradable and thus safe for the environment. With Deante cleaning products, keeping things in order will be very easy!
