

Washbasin tap, contactless, without temperature control - 4xAA Sense

Manufacturer	
Weight	1.52 kg
Product Code	BQR_N28R
EAN	5907650819721
SKU	003222
IBB ID	12513

Product specification

Manufacturer	DEANTE	Unit	pcs
EAN	5907650819721	Series	sense
Additional characteristics	cool-out	Acoustic group [dB]	I (x ≤ 20)
Frame height adjustment [mm]	200	Aerator size	m24
		Aerator type	movable, silicone
Ceramic cartridge size	35 mm	Adjustment range from [mm]	700
Connection thread	m8	Flow class [l/min]	z - 4-9 l/min
Installation thread	3/8"	Material	ZnAl
Mixer type	sensor	Installation method	standing
Range of tap spout [mm]	110	Connection diameter	50
Total height of the battery [mm]	146		

Washbasin tap, contactless, without temperature control - 4xAA

Sensor Duopulse - a sensor that draws current impulsively

The product requires mixed water supply or connection with a central mixer

The mixer is manufactured in Poland, with the utmost care for product quality.

The sensor is located on the top of the body, free from dirt and accidental signals

Innovative, durable and easy to clean Nero coating

The mixer is equipped with a stream aerator

Anti-vandal tap - resistant to damage

The mounting sleeve facilitates the installation of the mixer

Silicone aerator for easy limescale removal

Z flow class (4-9 l/min) allowing for water consumption reduction

The movable aerator allows you to direct the water stream

Only the best materials, the quality of which has been confirmed by laboratory tests

45 cm connection hoses included

Cleaning agent for fixtures in all colors available

Sensor Duopulse - a sensor that draws current impulsively

It is a new generation sensor that collects electricity in an impulse way, i.e. when opening and closing the water stream. This solution allows for comfortable use of the tap with minimal power consumption.

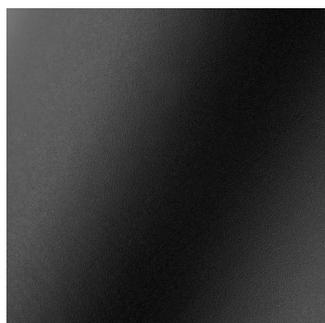

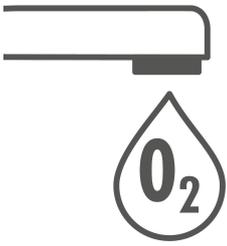

The sensor is located on the top of the body, free from dirt and accidental signals

The sensor is located right next to the aerator, so it is not flooded by water dripping from wet hands. It is a very precise device, resistant to external interference from its environment.

Innovative, durable and easy to clean Nero coating

The black, matte surface of Deante Nero fittings is the result of the use of innovative technology. Its special properties mean that there are no fingerprints on the tap. The surface structure is durable and easy to clean. To remove any dirt, just wipe the tap with a soft cloth. What's more, arranging the interior using a deep black fittings makes the colors surrounding it brighter, fuller and more expressive.

The mixer is equipped with a stream aerator

The tap is equipped with an aerator, thanks to which the water stream is perfectly aerated and soft. This solution improves the comfort of use, while limiting water consumption, which translates into lower utility bills. You are also contributing to taking care of our planet.

Anti-vandal tap - resistant to damage

The sensor tap has a 3 mm stainless steel armored housing. It is equipped with a movable aerator, which is deeply embedded in the body. This solution provides additional protection against the destruction or damage of this element.

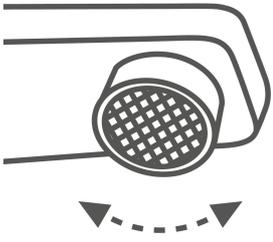

Silicone aerator for easy limescale removal

The silicone aerator adds air to the water stream, and at the same time gives the ability to easily remove lime sediment - just wipe its silicone edges with your finger.

Z flow class (4-9 l/min) allowing for water consumption reduction

The flow class with means that within a minute the tap flows between 4 and 9 liters of water. The stream is also comfortable to use, delicate and soft. This solution is ideal wherever you pay attention to ecological and economic responsibility - which also means your home!

**4-9
l/min.**

The movable aerator allows you to direct the water stream

The movable aerator allows you to direct the stream of water and aerates it at the same time. This translates into less use of this valuable resource, while maintaining the comfort of using the mixer.

Cleaning agent for fixtures in all colors available

In our offer you can also find a cleaning agent intended for taps in all finishes. Thanks to its special formula, it does not leave streaks, scratches or matting on the cleaned products. The preparation is perfect for the care of demanding black fittings, preserving its original appearance for many years. Sold separately
