

## External element, for thermostatic BOX Box

Manufacturer	
Weight	0.95 kg
Product Code	BXY_DEBT
EAN	5907650817130
SKU	003225
IBB ID	12516

### Product specification

Manufacturer	DEANTE	Unit	pcs
EAN	5907650817130	Additional characteristics	cool-out
Frame height adjustment [mm]	200	Aerator size	M28
		Aerator type	coin-slot
Ceramic cartridge size	35 mm	Adjustment range from [mm]	700
Connection thread	m8	Flow class [l/min]	z - 4-9 l/min
Material	ZnAl	Mixer type	flush-mounted box
Installation method	flush-mounted	Connection diameter	50

The graphite-steel surface of Deante Titanium fittings is the result of the use of innovative technology. It is a spectacular compromise between gray, dark graphite, black and even a delicate shade of brown - the perfect decoration of any interior arrangement. The surface structure is durable, easy to clean and is not susceptible to fingerprints.

All elements are made of high-quality materials: brass with the best properties and high-quality plastic.

The universal construction of the BOX allows you to replace the classic mixer tap with a thermostatic one at any time and vice versa. In the future, you can easily change the arrangement by replacing external elements.

You can easily match bathroom faucets from the same series and complementary products to the external components of the BOX - rosettes and levers.

The use of dedicated agents means that the surfaces do not deteriorate and remain smooth for long, facilitating daily cleaning. A specially selected composition removes the most common dirt extremely effectively. On the other hand, the preparations are mild for a given type of surface (metal, granite, ceramics and others), without entering into chemical reactions with them. The preparations are biodegradable and thus safe for the environment. With Deante cleaning products, keeping things in order will be very easy!
