

# Shower spout, wall-mounted - 380 mm Silia

Manufacturer	
Weight	0.76 kg
Product Code	NQS_D41K
EAN	5907650818984
SKU	003282
IBB ID	12947

## Product specification

Manufacturer	DEANTE	Unit	pcs
EAN	5907650818984	Additional characteristics	cool-out
Frame height adjustment [mm]	200	Aerator size	m24
		Aerator type	coin-slot
Ceramic cartridge size	35 mm	Adjustment range from [mm]	700
Connection thread	m8	Finish	titanium
Flow class [l/min]	z - 4-9 l/min	Material	brass
Spout type	still	Connection diameter	50
Spout length [mm]	403	Thread type	external
Flush mounting	YES		

Silia mixers are a reinterpretation of one of the most classic models in the history of bathroom taps. The entire series is based on the shape of a pipe bent into arches, thanks to which the products are streamlined and rounded. Thanks to its simplicity and wide range of colors, the whole series is extremely refined. They can be used by fans of minimalist bathrooms as well as those in more expressive styles, such as Gentle Loft, Japandi or Art. Deco.

The graphite-steel surface of Deante Titanium fittings is the result of the use of innovative technology. It is a spectacular compromise between gray, dark graphite, black and even a delicate shade of brown - the perfect decoration of any interior arrangement. The surface structure is durable, easy to clean and is not susceptible to fingerprints.

The use of dedicated agents means that the surfaces do not deteriorate and remain smooth for long, facilitating daily cleaning. A specially selected composition removes the most common dirt very effectively. On the other hand, the preparations are mild for a given type of surface (metal, granite, ceramics and others), without entering into chemical reactions with them. The preparations are biodegradable and thus safe for the environment. With Deante cleaning products, keeping things in order will be very easy!
