

## Washbasin tap Arnika

Manufacturer	
Country of manufacture	Poland
Weight	1.19 kg
Product Code	BQA_020M
EAN	5907650826460
SKU	003297
IBB ID	13068

### Product specification

Manufacturer	DEANTE	Unit	pcs
EAN	5907650826460	Country of manufacture	Poland
Series	arnika	Additional characteristics	cool-out
Acoustic group [dB]	I (x ≤ 20)	Frame height adjustment [mm]	200
Aerator size	m22	Aerator type	silicone
Ceramic cartridge size	35 mm	Adjustment range from [mm]	700
Connection thread	m10	Flow class [l/min]	z - 4-9 l/min
Installation thread	3/8"	Material	brass
Mixer type	single-lever. mixed	Installation method	standing
Range of tap spout [mm]	118	Spout type	still
Connection diameter	50	Total height of the battery [mm]	171

Delicate, minimalist, and above all beautiful and intriguing - this is the Arnika line, inspired by the Danish hygge style. The Arnika series combines functionality and inspiration with gentle shapes found in nature.

The tap is equipped with an aerator, thanks to which the water stream is perfectly aerated and soft. This solution improves the comfort of use, while limiting water consumption, which translates into lower utility bills. You are also contributing to taking care of our planet.

This perfect form is available in many finishes: classic chrome, majestic gold, noble black and intriguing deep gray - titanium.

The flow class with means that within a minute the tap flows between 4 and 9 liters of water. The stream is also comfortable to use, delicate and soft. This solution is ideal wherever you pay attention to ecological and economic responsibility - which also means your home!

The silicone aerator adds air to the water stream, and at the same time gives the ability to easily remove lime sediment - just wipe its silicone

edges with your finger.
