

Steel sink, 1-bowl Egeria

Manufacturer	
Weight	5.15 kg
Product Code	ZPE_010D
EAN	5907650826347
SKU	003298
IBB ID	13069

Product specification

Manufacturer	DEANTE	Unit	pcs
EAN	5907650826347	Additional characteristics	drain cover included
Frame height adjustment [mm]	200	Aerator size	M28
		Aerator type	coin-slot
Ceramic cartridge size	35 mm	Adjustment range from [mm]	700
Connection thread	m8	Finish	steel
Flow class [l/min]	z - 4-9 l/min	Material	304 steel
Depth [mm]	230	Installation method	recessed, under-counter
Plug type	manual	Height [mm]	230
Connection diameter	50	Cutout in the countertop (recessed) - length [mm]	470
		Cut out width recessed	420
Cutout in the countertop (suspended) - length [mm]	450	Cut out width suspended	400
		Drain diameter	3.5"
Surface type	brushed	Steel thickness [mm]	1
Number of sink compartments	1		

The sink made of steel is resistant to impact, high temperatures up to 250 degrees Celsius and thermal shock. Stainless steel intended for the production of sinks contains 18% chrome, which responsible high chemical resistance and 10% nickel, which at the same time flexibility. Such a combination results in a pretty, elegant and constant color. Stainless steel is simple to clean, repels bacteria from the surface. The antiseptic coating guarantees a high level of hygiene and is easy to clean.

The sink was equipped with modern "Space Saver" siphon. If you've been annoyed by elbows and pipes taking up most of the space in your cabinet, this is the solution for your kitchen. Telescopic and special design allows you to adjust position of the siphon to your needs. Thanks to this, it is simple to find much more space in the cabinet for example for homemade preserves or garbage. You can also connect a dishwasher or washing machine to the siphon. And most importantly - you get the siphon in set!

The use of dedicated agents means that the surfaces do not deteriorate and remain smooth for long, facilitating another cleaning. A specially selected composition removes the most common dirt very effectively. On the other hand, the preparations are mild for a given type of surface (metal, granite, ceramics and others), without entering into chemical reactions with them. The preparations are biodegradable and thus harmless for the environment. With Deante cleaning products, keeping things in order will be very easy!
