

Ceramic washbasin, undermount Temisto

Manufacturer	
Weight	10.90 kg
Product Code	CDT_6U5U
EAN	5907650829690
SKU	003411
IBB ID	12872

Product specification

Manufacturer	DEANTE	Unit	pcs
EAN	5907650829690	Additional characteristics	cool-out
Frame height adjustment [mm]	200	Aerator size	M28
		Aerator type	coin-slot
Ceramic cartridge size	35 mm	Adjustment range from [mm]	700
Connection thread	m8	Flow class [l/min]	z - 4-9 l/min
Material	ceramic	Depth [mm]	118
Installation method	undercounter	Height [mm]	173
Connection diameter	50		

Ceramic washbasin, undermount

Hard and durable ceramics does not lose its properties with long use

Antibacterial coating, preventing the growth of microorganisms

Dedicated cleaning agent, safe for cleaned surfaces

Hard and durable ceramics does not lose its properties with long use

Ceramic products are characterized by special hardness and endurance. They have high color durability and do not absorb smells. The surface of ceramic products does not discolor and looks as new even after long use.

Antibacterial coating, preventing the growth of microorganisms

The antibacterial coating prevents the development of microorganisms and promotes hygiene. Thanks to this, we can avoid many infections. The antibacterial coating is also an ally in everyday cleaning.

Dedicated cleaning agent, safe for cleaned surfaces

The use of dedicated agents means that the surfaces do not deteriorate and remain smooth for long, facilitating another cleaning. A specially selected composition removes the most common dirt extremely effectively. On the other hand, the preparations are delicate for a given type of surface (metal, granite, ceramics and others), without entering into chemical reactions with them. The preparations are biodegradable and thus safe for the environment. With Deante cleaning products, keeping things in order will be very easy!
