EAN	5908249173385	Country of manufacture	Poland

Ready to use Priming agent under acrylic, silicone, silicone and silicate, mosaic and mineral plasters. To be used on typical indoor and outdoor construction foundations and also in the buildings insulating system SEMPRE TERM ST. Enhances adherence, levels absorbability of the surface and prevents its visibility through the plastering coating. Available in the full colour range corresponding to the colour palette of plastering mixes.

- enhances the adherence of the plaster coating
- enhances the efficiency of the plastering mix
- inhibits discolourations
- facilitates obtaining the desired plaster structure
- levels the foundation absorbability
- easy application with a roller/ brush/ paintbrush
- high efficiency
