

# Shower cabin, walk-in, 90 cm Abelia

Manufacturer	
Weight	43.40 kg
Product Code	KTA_039P
EAN	5908212070437
SKU	003492
IBB ID	13474

## Product specification

Manufacturer	DEANTE	Unit	pcs
EAN	5908212070437	Active cover layer	YES
Additional characteristics	cool-out	Frame height adjustment [mm]	200
Aerator size	M28	Aerator type	coin-slot
Ceramic cartridge size	35 mm	Adjustment range from [mm]	700
Connection thread	m8	Adjustment range up to [mm]	1200
Flow class [l/min]	z - 4-9 l/min	Material	ZnAl
Height [mm]	2000	Connection diameter	50
Glass finish	transparent	Railing length [mm]	1062
Possibility of installation without a shower tray	Yes		

Tempered glass has a harder surface and is more resistant to scratches, impacts and sudden temperature changes - in accordance with the European standard PN-EN. In addition, it is safe glass, (which is certified) by the Certificate from the Institute of Glass and Ceramics.

The glass in the cabins has been covered with the innovative Active Cover hydrophobic coating, which repels water molecules from the glass surface and thus definitely reduces the formation of scale. The coating is applied during the production of glass, which guarantees its long durability and reliability.

The use of dedicated agents means that the surfaces do not deteriorate and remain smooth for for a long time, facilitating another cleaning. A specially selected composition removes the most common dirt very effectively. On the other hand, the preparations are mild for a given type of surface (metal, granite, ceramics and others), without entering into chemical reactions with them. The preparations are biodegradable and thus harmless for the environment. With Deante cleaning products, keeping things in order will be very easy!

The covers hide the unsightly assembly parts, adding elegance to the cabins.

The purpose of the railings is to strengthen and stabilize the construction of shower cabins. They are elegantly finished and easy to keep clean.
