

Bath mixer, 3-hole Arnika

Manufacturer	
Weight	4.08 kg
Product Code	BQA_Z13M
EAN	5907650828044
SKU	003543
IBB ID	13385

Product specification

Manufacturer	DEANTE	Unit	pcs
EAN	5907650828044	Additional characteristics	cool-out
Acoustic group [dB]	I (x ≤ 20)	Frame height adjustment [mm]	200
Aerator size	m24	Aerator type	silicone
Ceramic cartridge size	35 mm	Adjustment range from [mm]	700
Connection thread	3/8"	Flow class [l/min]	z - 4-9 l/min
Material	brass	Mixer type	single-lever. mixed
Installation method	standing	Range of tap spout [mm]	146
Spout type	still	Connection diameter	50
Total height of the battery [mm]	191		

Delicate, minimalist, and above all beautiful and intriguing - this is the Arnika line, inspired by the Danish hygge style. The Arnika series combines functionality and inspiration with gentle shapes found in nature.

This perfect form is available in many finishes: classic chrome, majestic gold, noble black and intriguing deep gray - titanium.

The tap is equipped with an aerator, thanks to which the water stream is perfectly aerated and soft. This solution improves the comfort of use, while limiting water consumption, which translates into lower utility bills. You are also contributing to taking care of our planet.

The silicone aerator adds air to the water stream, and at the same time gives the ability to easily remove lime sediment - just wipe its silicone edges with your finger.

All you need is one click to change the water outflow from the spout to the handset or shower head and vice versa. This thoughtful function works even at low water pressure. With a click switch, the bath becomes pleasant and comfortable.
