

## Toilet brush, freestanding Silia

Manufacturer	
Weight	1.11 kg
Product Code	ADI_R712
EAN	5907650829492
SKU	003570
IBB ID	13412

### Product specification

Manufacturer	DEANTE	Unit	pcs
EAN	5907650829492	Additional characteristics	cool-out
Frame height adjustment [mm]	200	Aerator size	M28
		Aerator type	coin-slot
Ceramic cartridge size	35 mm	Adjustment range from [mm]	700
Connection thread	m8	Flow class [l/min]	z - 4-9 l/min
Material	Plastic. stainless steel	Depth [mm]	80
Height [mm]	375	Connection diameter	50
Surface type	brushed		

## Toilet brush, freestanding

Modern design

Shapes for easy cleaning

Innovative and easy to maintain brushed gold coating

Only the best materials, the quality of which has been confirmed by laboratory tests

Dedicated cleaning agent, safe for cleaned surfaces

## Modern design

It is a sublime product that will help you keep order in the bathroom, while being a sophisticated decorative element. Silia accessories, despite their minimalist form, are well thought out and functional. All models are stylistically consistent and harmonious, providing the bathroom with an attractive appearance and maximum arrangement possibilities.

## Shapes for easy cleaning

Perfectly smooth surfaces are very easy to keep clean. Just wipe them with a soft, damp cloth. By using the appropriate preparations from the Deante offer, you can be sure that the accessories will decorate the bathroom for many years.

## Innovative and easy to maintain brushed gold coating

Brushed gold is the perfect compromise between shine and matte. The delicate texture emphasizes the boldness of the lines, making the product look more noble. Moreover, such products are easier to keep clean. The brushed gold finish perfectly suits both glamorous and more retro interiors. The subdued glow creates a feeling of warmth and coziness.

## Dedicated cleaning agent, safe for cleaned surfaces

The use of dedicated agents means that the surfaces do not deteriorate and remain smooth for long, facilitating another cleaning. A specially selected composition removes the most common dirt extremely effectively. On the other hand, the preparations are delicate for a given type of surface (metal, granite, ceramics and others), without entering into chemical reactions with them. The preparations are biodegradable and thus safe for the environment. With Deante cleaning products, keeping things in order will be very easy!
