Product specification

| | | | |
|------------------------------|-----------------|----------------------------|---------------|
| Manufacturer | DEANTE | Unit | pcs |
| EAN | 5907650834595 | Additional characteristics | cool-out |
| Frame height adjustment [mm] | 200 | Aerator size | M28 |
| | | Aerator type | coin-slot |
| Ceramic cartridge size | 35 mm | Adjustment range from [mm] | 700 |
| Connection thread | m8 | Flow class [l/min] | z - 4-9 l/min |
| Material | stainless steel | Depth [mm] | 50 |
| Height [mm] | 38 | Connection diameter | 50 |
| Surface type | brushed | | |

Hook, double

High quality of materials

Hidden fixings

Innovative and easy to maintain brushed gold coating

Dedicated cleaning agent, safe for cleaned surfaces

High quality of materials

Accessories are made of high quality stainless steel, making them solid and durable. These are moisture and corrosion-resistant materials.

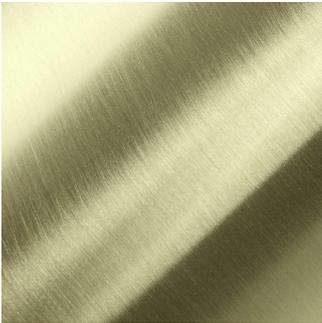

Hidden fixings

Thanks to the perfectly hidden mounting elements, the accessories gained a subtle character. A complete installation kit is included.

Innovative and easy to maintain brushed gold coating

Brushed gold is the perfect compromise between shine and matte. The delicate texture emphasizes the boldness of the lines, making the product look more noble. Moreover, such products are easier to keep clean. The brushed gold finish perfectly suits both glamorous and more retro interiors. The subdued glow creates a feeling of warmth and coziness.

Dedicated cleaning agent, safe for cleaned surfaces

The use of dedicated agents means that the surfaces do not deteriorate and remain smooth for long, facilitating daily cleaning. A specially selected composition removes the most common dirt very effectively. On the other hand, the preparations are mild for a given type of surface (metal, granite, ceramics and others), without entering into chemical reactions with them. The preparations are biodegradable and thus harmless for the environment. With Deante cleaning products, keeping things in order will be very easy!
