### Plastering spray gun professional AK10

#### DESCRIPTION

Gun designed for very high intensity work.  
 The heavy-duty metal body is ideally suited to the hand.  
 The stainless steel needle is characterized by high abrasion resistance.  
 The gun has an air shut-off function via the trigger.  
 This solution prevents the so-called "blob" on the wall.

#### APPLICATION

The gun will be ideal for spray application:

- structural plasters (facade, mineral, acrylic, silicone, silicate),
- spray wallpaper,
- Plaster dressing,
- gypsum plaster (circular jet)
- fireproofing,
- bitumen waterproofing of foundations

#### THE SET INCLUDES

- Professional plastering gun

•Nozzle set: 4,6,8,10,12 mm
