

## Compressor hose diameter 10mm length 20m

Manufacturer	
Weight	5.00 kg
EAN	5903672750738
SKU	003734
Advice IBB	
Application	For the compressor, the critical pressure is 4x (burst) greater than the working pressure
IBB ID	13591

### Product specification

Manufacturer	AGREKOM	Unit	pcs
EAN	5903672750738	Diameter	10mm

Compressor hose diameter 10mm length 20m

10m reinforced technical hose manufactured from the highest quality PVC, which has been additionally reinforced with textile yarn. This makes the hose extremely resistant to damage and UV radiation.  
The hose is terminated with quick-release couplings type 26.

Hose diameter - 10mm.
