

Corner bead with mesh PVC 10x10cm 2.5m

Manufacturer	
Weight	0.18 kg
Product Code	BP10 L250 20cm
SKU	003888
IBB ID	13744

Product specification

Manufacturer

BELLA PLAST

Unit

pcs

The PVC corner with mesh is used to reinforce (protect) the corners of the insulated facade.

Characteristic:

- it is easy to transport
- does not deform
- easy to cut
- does not oxidize
- installation involves embedding the corner at the same time as the reinforcing mesh for insulation. The PVC corner is placed on each vertical corner of the building.
- strengthens the corner
- allows you to obtain straight and even edges of the facade
