

# Cleaning agent for removal cement and lime Szop

## CEMENT AWAY 1kg

Brand	ATLAS
Manufacturer	
Weight	1.00 kg
Product Code	PO
EAN	5905400990010
SKU	5104
IBB ID	5104

### Product specification

Manufacturer	ATLAS	Unit	bottle
Brand	atlas	EAN	5905400990010
Relative air humidity during application and curing	< 80%	Density of the finished product	ca 1.9 g/cm3
		pH	8

ATLAS CEMENT AWAY concentrated cement and lime residues remover

#### Most important features:

for surfaces resistant to acids, ceramic, stone, chrome plated, varnished, stainless steel and plastic  
removes rust and water stains  
concentrate, can be diluted

#### Product description:

- Removes cement, lime and gypsum residues – contains inorganic acid, recommended for cleaning surfaces after construction works where mineral mortars were used.
- Removes dirt resulting from usage – dirt, sedimentation and stains caused by minerals contained in water, rust, etc.
- Types of cleaned surfaces – ceramic (glazed, terracotta, porcelain-gres, clinker) and stone tiles, washing facilities, chrome-plated and varnished, stainless steel and plastic surfaces.
