

Highly deformable adhesive for tiles C2TES2 and waterproofing PLUS S2 HYDRO 15kg

| | |
|--------------|--|
| Brand | ATLAS |
| Manufacturer | |
| Weight | 15.00 kg |
| Product Code | AT-PLUS-2-HYDRO-15 |
| EAN | 5905400539219 |
| SKU | 8669 |
| Advice IBB | |
| Application | 2 in 1 - S2 adhesive and waterproofing in one step |
| IBB ID | 8669 |

Product specification

| | | | |
|---------------------------------|---------------|---|-------------|
| Manufacturer | ATLAS | Unit | plastic bag |
| Brand | atlas | Colour | grey |
| EAN | 5905400539219 | Relative air humidity during application and curing | < 80% |
| Density of the finished product | ca 1.9 g/cm3 | pH | 8 |

ATLAS PLUS S2 HYDRO - highly deformable adhesive C2TES2 with function of waterproofing

Most important features

- 2 in 1 - S2 adhesive and waterproofing in one step
- for application with terrace profiles and sealing tapes
- for terraces, balconies, façades, bathrooms, linear drains, kitchens
- for critical substrates e.g. metal, OSB boards, tile on tile, floor heating, waterproofing coats
- application in one technological cycle
- cracks bridging up to 0.8 mm

Product description

ATLAS PLUS S2 HYDRO is a grey, S2 adhesive with waterproofing function.
 2 in 1: S2 class adhesive and waterproofing.
 Highly flexible – deformability of S2 class (test according to the PN-EN 12002 standard).
 3 x higher initial bonding, i.e. $\geq 1.5 \text{ N/mm}^2$.
 Bed depth from 2 up to 10 mm

Versatility of use – any cladding type, size (even above 5m²), on various substrates, in any building type, even with high operational loads.
