A practical and decorative radiator in one - this is AFRO NEW! It is distinguished by a modular structure, allowing for almost any modification and exact adjustment of dimensions and appearance to your needs. It consists of narrow, vertical, effectively combined profiles. It brings associations with traditional "ribs", and yet it looks extraordinary and impressive! It fits into any space - traditional and modern. It is a central heating radiator, which is a reliable source of heat. Made of high-quality materials, it remains resistant to damage, and the well-thought-out design facilitates cleaning.
