

Radiator RETTO RET-50/110 bottom/465

WHITE/SILK

Brand	RETTO
Manufacturer	
Dimension	540 x 1072 x 70-80mm
Weight	11.10 kg
Product Code	RET-50/110
EAN	5905253981050
SKU	001071
IBB ID	10953

Product specification

Manufacturer	Instal Projekt	Unit	pcs
Brand	retto	Colour	white silk C35
EAN	5905253981050	Dimension	540 x 1072 x 70-80mm
Atest	Nr NDWU/1/RETTO/2022	Fire resist	A1
Warranty	2 years	Norm	EN 442-1:2014
Heating medium	c.o. + grz.elektryczna	Approx. heated area [m2]	4.5
Compatibility with an electric heater	Yes	Connection size [mm]	465
		Connection type	bottom
Range name	RETTO	Material	steel
Max working pressure [MPa]	0.7	Maximum operating temperature [°C]	95
Power [W]	504	Suggested heater power [W]	600w
Volume [m3]	3.99		

Get to know RETTO – a reliable radiator with an original appearance. On the one hand, it ensures effective heating and drying of clothes or towels, and on the other, it introduces a touch of modernity to the interior. This aesthetic effect is due to the slightly arched profile and increased width ladders. The radiator works with an electric heater, thanks to which it ensures

thermal comfort even outside the heating season. You can easily combine it with accessories - hangers and/or rails, gaining even more space for drying. Available in 16 sizes and 22 colors, it fits any bathroom and utility room.

RETTO is a practical radiator with a modern look that will easily fit into any arrangement.

The appropriate ladder design makes it easier to hang and dry towels, and dedicated accessories, such as hangers, increase its functionality.

16 types available.

In the case of the Retto radiator, it is possible to choose the color of the paint coating, which makes the product more attractive in terms of design.

It is possible to paint the radiator in any color from the RAL colour chart.

22 color variants from the Instal-Projekt colour chart.

Possibility to choose hangers/rails.

Possibility of cooperation with an electric heater.

The product can be installed by connecting:

- lower standard
- lower ones with a spacing of 50 mm

Maximum working pressure - 0.7 MPa

Maximum operating temperature 95 degrees C

Dimension: 1072 x 540 x 70-80 mm

You can adjust the Retto radiator in terms of height (708, 1072, 1436, 1800 mm) and optional width of 412 mm or 540 mm.

At the same time, a bottom connection with a spacing of 50 mm is available for all dimensional configurations.

Together with the radiator, you will receive an installation kit with an air vent.

Additional accessories

It is possible to equip the product with an electric heater and practical, dedicated towel hangers for this model.
