TUBUS is a modern interpretation of a finned room radiator. The product was awarded by the greatest specialists! It shows a strong reference to the classics, and at the same time ingenious elements determining its decorative, modern character. It is available in the form of a horizontal and vertical radiator. It is available in 2-, 3- and 4-row versions. You can easily adapt it to any room in your home and any arrangement - modern, classic and even retro. It is a reliable source of heat based on a central heating system. It heats up quickly and evenly, effectively using the available thermal energy.
