

Heating element HOTS-06C2U black C2

Manufacturer	
Weight	0.80 kg
Product Code	HOTS-06C2U
EAN	5905253443497
SKU	001118
IBB ID	10977

Product specification

Manufacturer	Instal Projekt	Unit	pcs
Colour	black C2	EAN	5905253443497
Atest	nr UE/1/HOTS/2022/PL	Warranty	2 years
Approx. heated area [m2]	5.4	Connection type	podtynkowe
Max working pressure [MPa]	1	Maximum operating temperature [°C]	95
Power [W]	600	Volume [m3]	5

Get to know an electric heating element HOTS-06C2U with a modern, touch control and aesthetic LEDs that indicate the operating status of the device. The model is available in several variants: 300W, 600W, 900W and 1200W. Enriched with anti-freeze mode and multi-stage protection in case of failure. In case of any damage, the heater signals the problem with a clear diode color. It has been equipped with a TIMER that allows it to run for 2, 4, 6 or 8 hours and automatically turn off without your participation. It is a guarantee of easy operation and reliability in every situation!
