

# Central heating pipe 16 x 2 mm

Manufacturer	
Weight	0.50 kg
Product Code	8-8597-200-00-00-16
SKU	7207
IBB ID	7207

## Product specification

Manufacturer	<b>CAPRICORN</b>	Unit	<b>m</b>
--------------	------------------	------	----------

The PE-RT/EVOH/PE-RT Capri Floor pipe was designed and manufactured for surface heating/cooling installations, produced according to the ISO 21003-2 norm.

Thanks to the fact that we have our own production line and testing laboratory, we guarantee 100% control over the various stages of production and quality control.

### 5 LAYERS - 5 ADVANTAGES

1. EVOH anti-diffusion layer - protects against oxygen ingress
2. Increased resistance to pressure and heat (max 6 bar and 70°C)
3. High chemical resistance
4. High mechanical resistance
5. Easy to install

Quality Assurance - it meets the requirements of the EN ISO 21003 and DIN 4726 norms

### TECHNICAL PARAMETERS OF the Capri Floor pipe:

Max temperature 70°C\*

Max pressure 6 bar

Diameters available:

- 14x2
- 15x2
- 16x2
- 17x2
- 18x2
- 20x2

The material used for the production of the pipe is the latest generation of polyethylene with increased temperature resistance PE-RT Type II - DOWLEX 2388, characterized by far better technical properties than PE-RT Type I.
