Manufacturer

**WYKAMOL**

Unit

**pcs**

The No More Damp 1 Litre Applicator Gun is a heavy-duty, professional gun for use with our 1 Litre Ultracure Cartridge.

It has a spring and trigger mechanism for quick, easy and mess free application.

Ultracure is a unique silicone emulsion cream for injection into brickwork to control rising dampness.

Ultracure can be used in all types of masonry without the use of high pressure equipment. BBA approved.
