

Drainage membrane Kontrakt Mesh CM3 2 x 20 m

Manufacturer	
Weight	21.00 kg
Product Code	CM3MESH2X20
EAN	5060207861090
SKU	001160
IBB ID	11025

Product specification

Manufacturer	WYKAMOL	Unit	roll
EAN	5060207861090		

CM3 Cavity Drain Mesh Membrane

BRAND NEW - 2 m x 20 m mesh membrane ideal for replastering after knocking off 1.2 m of plaster for completion of a damp-proof course.

CM3 Mesh Membrane is a studded membrane to prevent the penetration of water through walls, with a polypropylene mesh on the reverse to allow for application of an array of finishes.

CM3 Mesh Membrane is a water resistant membrane with studs forming a regular pattern on one face of the roll, and polypropylene mesh on the other side.

It is tough but pliable and can be easily cut with a sharp blade to the correct size. Suitable for use above and below ground and can be rendered, plastered or dot and dab boarded on top.

High performance bonded mesh

Part of a Type C Cavity Drain Membrane System in line with BS8102:2009

Waterproof, salt inhibiting, root and contaminant resistant

Creates a dry, habitable living space in area previously suffering from damp/wet conditions

Easily cut down using a sharp blade

Easy to fold around windows and doors

Quick to install - minimal preparation needed to wall surfaces

No drying out process - redecoration can occur immediately

Little or no damage to the existing structure
