Product specification

Manufacturer	QBRICK SYSTEM	Unit	pcs
Colour	black	EAN	5901238246008

ONE 350 is a large tool box with a capacity of 38 liters. Thanks to this, it is able to provide large-sized power tools and hand tools. The box cover is equipped with a flexible seal that provides full protection against ingress of hazards and water (IP66). There are two adjustable compartments - one unit and the other a Multi compartment, which comes with hand tool holders that allow easy access to the items inside the box. The removable Multi compartment can act as a sling hazard on the tool.

Profi cover as standard, equipped with two capacious organizers with movable partitions and polycarbonate, impact-resistant transparencies. Reinforced structures of the cover and body with a load capacity (50 kg) and a load boom weighing up to 120 kg, enabling the creation of practical work platforms.

Version 2.0 of products from the Qbrick System ONE line for a new generation of tool boxes and organizers with a reinforced structure. Additional body elements for mounting threaded inserts in the M8 device make it possible to personalize the system for the user's intended use.
