

Corundum disc for cutting steel TCSI-11510 115 x 1.0 x 22mm

Manufacturer	
Dimension	115 x 1.0 x 22mm
Weight	0.10 kg
Product Code	TCSI-11510(X10)
EAN	5907704455943
SKU	5937
IBB ID	5937

Product specification

Manufacturer	WKREŃ-MET	Unit	pcs
EAN	5907704455943	Dimension	115 x 1.0 x 22mm

Standard thin blade with high durability and optimal composition for fast cutting of stainless steel profiles, thin steel profiles. The unique recipe of bonding resin and abrasive grains makes the discs extremely durable and do not overheat the cutting material.

Material Corundum disc
 Disc hole diameter [mm] 22
 Cutting Type Dry
 Maximum RPM 13300

Application
 For cutting stainless steel profiles and thin steel profiles, for angle grinders and cutting tables
